PERSONAL PROJECTS

Portfolio Website ↗
- My portfolio website.

Music Player ↗
- Music players allow one to enjoy music in any browser and supports a lot of the features of an offline music player. We will be creating a music player with a clean user interface that can be used to play music in the browser. We will also implement features like seeking and playlist.

Photo Editor ↗
- This photo editor has different CSS filter like Grayscale, Contrast, Exposure(brightness), Invert and Black and White to edit the image

Weather App ↗
- A simple web app that tells weather of your city using API.

Virtual Assistant
- It has been designed to provide a user-friendly interface for carrying out a variety of tasks by employing certain well-defined commands.

CERTIFICATES

Java (HackerRank) (01/2021) ↗

Python (HackerRank) (02/2021) ↗

Data Science (03/2021) ↗

HTML, CSS, JavaScript for Web Developers (09/2021) ↗
